365 on the PKF Hub

We have recently launched [365 on the PKF Hub](#), a new section of the PKF Hub that provides all member firms secure, web-based, access to the PKF resources they use the most, irrespective of their IT infrastructure.

Following consistent feedback from members regarding the challenges of accessing and using the current SharePoint, PKF365, we have taken the decision to migrate resources to a more accessible platform. This is a phased project and other important resources remain, for the time being, on the existing PKF365 SharePoint platform.

The content relating to the following areas has already been migrated: [New PKF Directory](#), [Brand](#), [Risk](#), [Compliance](#), [In-person events](#)

Please [register for the PKF Hub here](#) and encourage your PKF colleagues to do the same to access [365 on the PKF Hub](#) and [L&D on the PKF Hub](#) going forward.
